durable seating comfort: a force from within

They say it's what's inside that counts — and they're right. While Bold is designed to catch the eye and elevate any space with its strong character, the real comfort lies beneath the surface. Peel back the upholstery and you'll discover what makes Bold truly exceptional: a harmony

of layered foams. It delivers a soft embrace with unwavering support. We've gone above and beyond to integrate the world's finest materials into this sofa — not for show, but for the sake of your comfort. You may not see them, but you'll feel the difference with every moment of use.

true belgian craftsmanship based
on generations of furniture tradition

design
studio segers

We believe in local craftsmanship. Real personal relationships with nearby manufacturers and partners drive our team, every day. We love to look our partners and co-workers straight in the eye while developing, designing, creating and manufacturing future proof living solutions. We love to make life changing decisions that are agreed upon with a warm hand-

shake. It is the only way we can truly take control of our high end quality. Right here at home we smell the sent of natural fabrics, leathers, woods and stone, we feel the artisan vibes. No matter how far our Bold travels to its new home, we will always cherish our local craftsmanship. This is how we do things. This is our tradition.
